WINTER PARK, Fla., May 14, 2026 (GLOBE NEWSWIRE) -- **Streamex Corp. (“Streamex” or the “Company”)** (NASDAQ: **STEX**), a technology company focused on the tokenization of commodity real-world assets, today announced that it has filed its Q1 2026 financial results and will host an earnings and corporate update presentation on **Wednesday, May 20, 2026, at 4:30 p.m. ET.**

Henry McPhie, Co-Founder & Chief Executive Officer of Streamex, said:

“Q1 2026 was a transformative quarter for Streamex. We raised over \$40 million in equity capital, fully deleveraged our balance sheet, and launched GLDY. We made our first yield distribution to GLDY holders, paying investors in gold to hold gold for the first time in a product of this kind. We now have a live product, a proven infrastructure platform, a healthy balance sheet, and a growing pipeline. The update call on May 20th will give us the opportunity to walk investors through the full picture of what was accomplished in Q1. We will also preview some additional initiatives and partnerships and highlight what we are building toward for the rest of the year and beyond.”
